*Bull Sale*

**Thursday February 25, 2010 - 1 PM**

**Dick Jones Sales Pavilion**

**Lloydminster Exhibition Grounds**

# Welcome from Robb & Hoegl

Welcome to our 5th annual sale. This sale combines the breeding programs of Robb Farms and Hoegl Farms. We feel we have a strong, balanced selection of Fullblood, Fleckvieh, Red and Black factor bulls that should suit the specific needs of anyone shopping for a Simmental bull. We are confident that these bulls will work well for their new owners and we will do everything that we can to make sure you are satisfied with your purchase.

We would like to say thank you to our past customers and look forward to meeting new customers as well. We encourage and welcome all bull shoppers to stop by the farm prior to the sale to view the bulls and give us the opportunity to discuss your herd bull needs with you. The bulls will be available for viewing in Lloydminster on Tuesday and Wednesday prior to the sale and everyone is welcome to stop in and have a visit with us and look at the bulls.

If there is a bull that you are interested in but are unable to attend the sale please contact one of us or a member of the Bouchard Livestock Team. They have made several visits to our farms through out the past year and are very familiar with our bulls and our breeding programs.

We look forward to seeing you on Feb 25 2010!

# Welcome from Bouchard Livestock International

Welcome to the 2010 Robb & Hoegl Bull Sale. When one sits back and thinks about the elite bull sales of any breed in Canada, this one comes to the top of the list very quickly. Their programs are built around the same philosophy of raising top quality Simmental seed stock with the Canadian Cattleman in mind.

The bulls that are in the sale are from the most proven and consistent pedigrees in the breed. Both operations pride themselves on building around cow families that are very productive through adding structural soundness, longevity and performance to their calf crops. Robb Farms Ltd. is rapidly growing their numbers with quality purchases through select consignment sales and private treaty. Hoegl Farms Ltd. purchased the C&D Simmentals program, which will only add to their strong full fleck genetic base. One thing that is in common as both programs increase their cow numbers, quality is still the #1 priority.

As you study the catalogue you will see the bulls are catalogued by sire groups. The large sire groups backed by great cow herds can assure you consistency throughout the sale offering. Whether you are looking for Red, Black or Fullblood; the bulls are extremely functional and sound with acceptable birth weights and great performance. Each program exhibited bulls last fall and were very well accepted from commercial and purebred breeders as they gathered up many banners. You can buy Robb & Hoegl bulls with confidence.

It is an honor for us at Bouchard Livestock International to work closely with the great people at Robb Farms Ltd & Hoegl Farms Ltd. We make frequent trips to both programs throughout the year and are very familiar with their cow herd, herd sires and the sale bulls. We urge you to contact any members of Robb Farms Ltd. or Hoegl Farms Ltd. to talk about the sale offering. If for any reason that you can not make it sale day feel free to contact ourselves and we would represent you in a professional and confidential manner. We look forward to visiting with you on February 25.

# 2010 ROBB HOEGL Bull Sale

Thursday February 25, 2010 - 1 PM - Dick Jones Sales Pavilion - Lloydminster Exhibition Grounds

## Robb & Hoegl Customer Service Program

### Sight Unseen Purchase Program

If you are unable to attend the sale but are interested in our bulls, please give us a call and we will personally go over the bulls and your program with you. We will recommend which bulls we think would meet your satisfaction and refer you to one of our sales staff.

### \$100 OFF PER LOT IF BULL IS PICKED UP SALE DAY

### Delivery

Free delivery in Alberta and Saskatchewan. Cost shared to any other destination. Delivery will begin approximately April 1st at the seller's convenience. Bulls returning to the farms after the sale must be insured.

### Guarantee

All bulls are 100% guaranteed. We guarantee to provide you with a sound breeding bull. Should any bull fail to be a satisfactory breeder, he will be replaced with a bull of equal value or a credit will be given towards the purchase of another bull. If you have a problem with your bull, please notify us immediately.

### Sale Headquarters

Best Western Wayside  
Lloydminster, SK 780.875.4404

### Semen Test

All bulls over 12 months of age will be semen tested prior to sale day.

### Terms & Conditions

Cattle will sell under the standard Canadian Simmental Association Sale Terms & Conditions, these are available on request.

### Schedule of Events

#### February 24

9AM Bulls available for viewing  
6PM Pizza Party & Refreshments

#### February 25

12PM Lunch Available

### **1PM Robb & Hoegl Bull Sale**

### Announcements

Announcements at the sale by the owners, auctioneer or sales management will take precedence over the information provided in the sale catalogue.

### EPD's

EPD's may change from the time the catalogue is printed until the time registration papers are transferred.

### Catalogue Information

#### Full Fleckvieh Status

Bulls labeled as Full Fleckvieh have a minimum of five generations going back to German or Austrian parents

EPD's are current and up-to-date as of publication date. Information in this document is believed to be accurate but any updates from the auction block will take preference. Pedigrees in this document have been supplied by the Breed Association and all other information has been supplied by the seller.

### Semen Reserve

Robb & Hoegl reserves the right to collect 100 straws of semen for in herd use on any bull in the sale. Semen would be collected at Robb & Hoegl expenses and buyers convenience.

### Catalogue Production

Catalogue production was done by Bouchard Livestock International. Full Color Catalogue can be viewed online at: [www.bouchardlivestock.com](http://www.bouchardlivestock.com)

89W certainly stands among the top of our bull pen this year and when you analyze his pedigree it is easy to see why. Combining 902J and IPU 71N gives this bull the potential to sire some truly exceptional calves. 902J has created her own legacy throughout the Simmental breed across North America. The progeny from IPU 71N have consistently topped sales and shows for us including 89W being named Junior Bull Calf Champion at Agribition 2009. We are confident that this bull should have a lot to offer to any purebred or commercial herd.

Top Gun continues to be one of the most consistent sires we have used. 19W is a well balanced bull with a very quiet disposition. His Red Label dam is very easy to notice, whether it's on summer pasture or while we are feeding the cows throughout the winter, she always seems to take your eye as an ideal type of female.

This Top Gun son is loaded with performance. He has a big square hip and extreme length of body. The Dusty Rose 1N cow has raised some top selling bulls and females for us in the past and is one our top red donor cows. 41W was in our show string this past fall where he was Bull Calf Champion at Lloydminster Stockade Roundup.

52W is another cherry red Top Gun son with a low birth weight and a high weaning weight. His Snapper dam is moderate in size, very heavy milking and has a picture perfect udder. She also raised a very good bull that sold in last year's sale.

This bull is a low set, deep dark red bull with lots of middle. He is an embryo calf from the Spring Valley D559 cow that was successfully flushed for many years. We have several D559 daughters in our herd and they are some of our very best red and black cows.

Here is one of our feature red bulls. His sire LRX Red Wizard 80T was our high selling red bull in 2008 selling to Maxwell Simmentals. We kept some semen from him and the few calves that we got turned out exceptionally well. A Wizard heifer calf that we showed this past fall was Stockade Lady All Breeds Champion in Lloydminster, Reserve Heifer Calf Champion at Agribition and high selling female at Agribition for \$16,000 to Ashworth Farm & Ranch. 93W's mother is a Nugget female that is very fault free. We have several Nugget females and they all have good feet and udders. This bull has a good hair coat and large testicles. **Homozygous Polled**

This might be one of the all around most useful black bulls that we have raised. He has a low 88lb birth weight and we feel he will work well on heifers and cows. He is smooth made and very correct with excellent feet and legs. He has a straight wide top and a square hip all in a moderate package. A full sister to his dam topped the Farmfair sale in Edmonton a couple of years ago to Remington Land & Cattle and a full brother to his dam was one of our high selling red bulls in 2008 going to Anderson Land & Cattle and Pearson Simmentals. **Homozygous Polled and Heterozygous Black**

A Full Fleck, light birth weight, moderate framed beef bull. When we had the opportunity to purchase these cows from Colin & Debra Zack we could not pass it up. Many of these bulls are brothers to bulls C & D has sold in the past sales. They have always been very well accepted. Last years full brother sold to Dennis Leask.
